Registration for 2010 Now Open!

Time slots for December 2009 - March 2010 are now available on the SeaTrek calendar, <http://www.seatrek.org/vidcon.htm>.

As you can see, SeaTrek currently has limited availability for Spring 2010. As of now, public time slots are not available for April and May 2010. Please check back February 1, 2010 for possible changes to availability.

Popular SeaTrek Programs for 2010

SEA ME READ: Clumsy Crab

Description: Join us on an ocean adventure! Meet Nipper, a very clumsy crab, and all his friends! While playing with his friends, Nipper's big claws break things, and are just plain clumsy! When Nipper's friend Octopus is in trouble, can his big, clumsy claws save the day? Find out as we read this exciting story from the sea! During this program, students will learn about crustacean diversity and the importance of protecting the ocean.

Grade Level: Pre K - 2nd Length: 20 minutes Cost: \$75.00

SHARK EXTREMES

Don't be afraid! See sharks up close and learn the truth about them! During this 30-minute program students will become immersed in the fascinating world of sharks and determine what is fact and what is myth!

Grade Level: 5th - 9th Length: 30 minutes Cost: \$100.00

SEALIFE RESCUE

See what it takes to care for sick and injured sea animals, such as dolphins, whales, sea turtles and manatees. Visit Mote Marine Laboratory's Sealife Hospitals to observe actual case studies. Students will understand how marine animals are rescued in a stranding situation; learn how marine animals are treated for various injuries and sicknesses; learn what Mote Marine Laboratory does for sick and injured marine animals; and understand how they can protect these animals.

Grade Level: 6th - 12th Length: 30 minutes Cost: \$100.00
